ORIGINAL

Dear Commissioners,
 Attached is the statement from the leasing company regarding the arsenic treatment facility. The arsenic treatment facility has been operating for over a year and we still have no funding to pay for the system. An order or recommendation still has yet to be submitted. The hearings were in June, 2013.

H.R. 3258, "The Drinking Water System Security Act of 2009"
 Title II of H.R. 2868 (formerly H.R. 3258) replaces Section 1433 of the Safe Drinking Water Act to strengthen security at drinking water facilities to prevent an intentional act that causes a chemical release, contaminates the water supply, or otherwise disrupts the ability of a water system to provide a safe and reliable supply of drinking water.

Sincerely,

Patricia Olsen, President
